

Tuesday, November 10: Low Carbon Society/Scenario Network Seminar, see separate programme

Wednesday, November 11

8.00 Breakfast

9.00 Introduction of seminar and participants

10.00: Climate Change, Comparing Requirements According to UNEP, PIK, (Jan Burck, Germanwatch)

10.30 Break

11.00 Sustainable Energy Strategies:

- Danish Sustainable Energy Vision 2009, vision for EU (Gunnar Olesen, INFORSE-Europe)
- ZeroCarbonBritain (Paul Allen, Centre for Alternative Technology, Wales, board member of INFORSE-Europe)
- Scenario for Germany (Jan Burck, Germanwatch)
- Scenario for France (Meike Fink, Climate Action Network - France)

(for each scenario will be 10 min. for discussion)

13.00 Lunch, Guided Tour at Artefact

14.30 Working Groups:

- 1) Practical activities, demonstrating sustainable energy for exhibitions, education etc. Facilitated by Ursel Beckmann, INFORSE-Europe chair, and others
- 2) Cooperation between NGOs and researchers on low carbon scenarios: Why do we need each other, introduction to network, development of ideas, proposals for future scenarios and visions. Facilitated by Gunnar Olesen and Meike Fink

18.30 Dinner

20.00 News on oil peak, gas, coal and nuclear resource limits and price responses (Emil Bedi, INFORSE-Europe and Foundation for Alternative Energy, Slovakia), Discussion

21.00 Evt. presentation by participants

22.00 End of program

Thursday, November 12

8.00 Breakfast

9.00 Local Actions for a Transition to Sustainable Energy, Good Examples (What was the change, what will be the change, how much does it contribute to transition of sustainable energy of the area covered and of the whole country (dissemination effects), social organisation, economy). Suggested cases:

- Hjortshoj eco-village, Denmark (Gunnar Olesen)
- Slovak village energy project (Emil Bedi)
- Dify valley or other UK example (Paul Allen)
- Romanian Roma village (Ion Zamfir, Earth Friends, Romania)
- Actions in Flensburg, Germany, 10km from Artefact (Emöke Kovac, Helge Maas, Flensburg University)
- Other Cases

Half hour presentation of each case including presentation and discussion, half hour break

13.00 Lunch

14.00 Presentation of Good Practice Database (Paul Allen), Discussion on how we work with the Good Practice cases in INFORSE,

15.00 coffee

15.30 Sustainable Energy Education, SPARE program (Dag Arne Hoeystad, Norges Natuvernforbund evt. others)

18.30 Dinner

20.00 Evt. Presentations by Participants

21.30 End of program

Friday, November 13

8.00 Breakfast

9.00 EU Policies for Sustainable Energy - the Big Picture (Gunnar Olesen & Dörte Fouquet, European Renewable Energy Federation, EREF, Belgium)

9.30 Implementation of the Renewable Energy Directive, a Big Task Ahead (Dörte Fouquet, EREF)

10.30 Break

11.00 Structural Funds, how to make it fund the transition to sustainable energy, now and in the future (Emil Bedi)

12.00 Energy Efficiency policies: Ecodesign, Building Directive, Energy Service Directive (Gunnar Olesen)

13.00 Lunch

14.00 Climate Policy before COP15: State of Affairs, What can we do from NGOs before and at COP15? Discussion initiated by Gunnar Olesen, Emil Bedi and others.

16.00 Project Development for 2010 activities, developing ideas from the week, Proposals for INFORSE-Europe (for General Meeting 14/11 and otherwise)

19.00 Dinner

Saturday, November 14: INFORSE-Europe General Meeting, see separate programme.
